

PROJECT SELECTION FORM INSTRUCTIONS

When filling out this form, you are required to choose 5 subjects in order of priority and select a project topic for each subject. If you cannot be assigned a project from your first-choice subject due to quota limitations, the system will automatically proceed to your next choices.

EACH STUDENT IS REQUIRED TO MAKE AT LEAST 1 PROJECT CHOICE AND MAY COMPLETE UP TO A MAXIMUM OF 3 PROJECTS ACROSS BOTH TERMS, IF DESIRED.

Follow the steps below:

1. Mark the number of subjects you wish to choose projects from on the form (1 / 2 / 3).
2. After selecting the subject you want as your first choice, click on the topic you wish to work on from the table that appears. Repeat this process for your 2nd, 3rd, 4th, and 5th choices.
3. After making all your choices, click the "SUBMIT" button.
